SUMMARY

Highly motivated prospective Computer Science student with a strong passion for technology and a proven ability to build and develop innovative projects. Seeking a bursary to support my academic pursuits and contribute to my future success in the field of computer science, where I aim to push the boundaries of technology and create impactful solutions

TECHNICAL SKILLS

Excellent communication	Microsoft Office suite
Time management	Google suite
Leadership & Teamwork	HTML
Problem solving & critical thinking	Python & JavaScript

PROFESSIONAL EXPERIENCE

Tutoring and Mentorship

- Volunteered as a Math & Physical sciences tutor for Grade 11 & Grade 12 students in my community
- Helped students improve their skills, gained valuable experience in explaining complex concepts, and developed a passion for helping others.
- Provided constructive feedback and guidance during setbacks, helping mentees overcome challenges, learn from mistakes and develop resilience.

Job Shadowing: Software Engineering

- My job shadowing experience with a software engineer at Superbalist solidified my passion for computer science.
- Observing the dynamic work environment, the collaborative problem-solving, and the tangible impact of their work on the company inspired me to pursue a career in this field. I learned about the importance of teamwork, continuous learning, and the iterative nature of software development, which I am eager to learn more about in my studies

EDUCATION

Grade 12: Obtained 6 distinctions
Masibambane Secondary school

PROJECTS

Personal Portfolio Website

Constructed a well-structured website layout, demonstrating a solid understanding of semantic HTML, CSS & Javascript
